Wombat Announces Feed Handler for Multi-Venue CBOT QVN

May 15, 2006 - Wombat would like to inform you that we have released our feed handler for the Chicago Board of Trade's Quote Vendor Network (CBOT QVN) market data feed. This multi-venue direct feed carries real time market data from a wide range of markets and third party indexes, including:

- Chicago Board of Trade - www.cbot.com [<http://www.cbot.com>]
- Chicago Mercantile Exchange - www.cme.com [<http://www.cme.com>]
- Minneapolis Grain Exchange - www.mgex.com [<http://www.mgex.com>]
- Kansas City Board of Trade - www.kcbot.com [<http://www.kcbot.com>]
- New York Board of Trade - www.nybot.com [<http://www.nybot.com>]
- New York Mercantile Exchange - www.nymex.com [<http://www.nymex.com>]
- Winnipeg Commodity Exchange - www.wce.ca [<http://www.wce.ca>]
- Dow Jones Indexes - www.djindexes.com [<http://www.djindexes.com>]

The CBOT QVN feed handler, which further extends our coverage of the North American market, is compliant with all market data platforms supported by Wombat. Customers in the US interested in the commodities and derivatives markets should note that Wombat also provides feed handlers for eCBOT and CME ITC 2.1, and will soon announce support for NYMEX's Clearport FIX market data feed.

A complete list of Wombat feed handlers is available on the web at: www.wombatfs.com/products/feedhandlers.htm [<http://www.wombatfs.com/products/feedhandler.htm>]
